Introductory Physics
Course Selection Flow Chart for Spring Semesters

Are you considering a major in physics, astronomy, or AMEP?

Yes

Have you completed Math 221 or its equivalent?

Yes

Does your intended Major require or suggest a Calculus-based physics course?

Yes

Have you completed Math 221 or its equivalent?

Yes

Would you prefer a calculus-based or a non-calculus-based Physics course?

No

This semester: enroll both in Physics 207 and in Math 222 or higher

No

This semester: enroll both in Physics 207 and in Math 222 or higher

Have you completed Math 221 or its equivalent?

Yes

Students interested in a major in physics, astronomy, or AMEP should begin taking physics as soon as possible. Do not delay!

No

Enroll in Math 221

Are you interested in an engineering major or in a major outside of engineering?

Yes

Eng

L&S, Ag, etc.

No

Enroll in Physics 201

Next semester: enroll both in Physics 247 and in Math 222

Next Sem.

Caveat: Physics 103 & 104 do not lead naturally to higher level physics courses.
