Monday, November 1st

**Physics/ECE/NE 922 (Plasma) Seminar: Peak Neoclassical Toroidal Viscosity in DII-D**
- **Time & Place:** 12:05 pm, 2535 Engineering Hall
- **Speaker:** Andrew Cole, UW-Madison Dept of Engineering Physics

**Plasma Theory Seminar: Nonlinear Evolution of Edge Localized MHD Instabilities: A Comparison of Ballooning and Peeling-Dominated Equilibria**
- **Time & Place:** 4:00 pm, 514 ERB
- **Speaker:** Bonnie Burke, UW-Madison Dept. of Physcs

Tuesday, November 2nd

**Chaos & Complex Systems Seminar: Water: Wild Card in the Climate System**
- **Time & Place:** 12:05 pm, 4274 Chamberlin Hall
- **Speaker:** John Young, UW-Madison Department of Atmospheric and Oceanic Sciences

**String Theory Seminar: Phenomenology of D-branes at Toric Singularities**
- **Time & Place:** 4:00 pm, 5280 Chamberlin
- **Speaker:** Sven Krippendorf, Cambridge University

Wednesday, November 3rd

**Department Meeting**
- **Time & Place:** 12:15 pm, 5310 Chamberlin Hall

Thursday, November 4th

**Astronomy Colloquium: Resonant Stripping as the origin of dwarf spheroidal galaxies**
- **Time & Place:** 3:30 pm, 4421 Sterling Hall Same Location
- **Speaker:** Elena D'Onghia, Harvard CfA

**Graduate Introductory Seminar: Phenomenology**
- **Time & Place:** 5:30 pm, 2223 Chamberlin Hall
- **Speaker:** Barger, Everett, Han

Friday, November 5th

**Special Atomic Physics Seminar: Simultaneous Trapping of Ultracold Gases of Lithium and Ytterbium**
- **Time & Place:** 2:30 pm, 5310 Chamberlin
- **Speaker:** Vlad Ivanov, University of Washington

**Physics Department Colloquium: Reionization and Cosmology with 21 cm Fluctuations**
- **Time & Place:** 4:00 pm, 2241 Chamberlin Hall (coffee at 3:30 pm)
- **Speaker:** Miguel Morales, University of Washington
