

SUMMER TERM 2018

Continue your University of Wisconsin-Madison experience over the summer and get ahead of the game.

DEPARTMENT OF PHYSICS

PHYSICS 103:

General Physics

• 4 credits • Principles of mechanics, heat, and sound

PHYSICS 202:

General Physics

• 5 credits • A continuation of Physics 201 • Primarily for Engineering Students • Electricity, magnetism, light, and sound

PHYSICS 104:

General Physics

• 4 credits • A continuation of Physics 103 • Principles of electricity and magnetism, light, optics, and modern physics

PHYSICS 241:

Introduction to Modern Physics

• 3 credits • Kinetic theory, relativity, experimental origins of quantum theory, atomic structure and spectral lines • Solid state, nuclear and particle physics

Summer Term

UNIVERSITY OF WISCONSIN-MADISON
