

This Week at Physics

WISCONSIN

Department of Physics Seminar & Colloquium Notices For the Week of August 29th

Monday, September 5th

Labor Day

Tuesday, September 6th

**Theory Seminar (High Energy/Cosmology):
Flavor Symmetries and Lepton Mixing in Light
of Non-Vanishing θ_{13}**

Time & Place: 4:00 pm, 5280 Chamberlin
Speaker: Claudia Hagedorn, INFN, Padua and
the University of Padua

Wednesday, September 7th

No events scheduled

Thursday, September 8th

**R. G. Herb Condensed Matter Seminar:
The search for Majorana Fermions in
semiconductor nanowires**

Time & Place: 10:00 am; 5310 Chamberlin
Speaker: Roman M. Lutchyn, Microsoft Station
Q, University of California

**Graduate Introductory Seminar: Atomic,
Molecular and Optical Seminar**

Time & Place: 5:30 pm, 2223 Chamberlin Hall
Speaker: Lawler, Lin, Saffman, Walker, Wehlitz,
Yavuz

Friday, September 9th

**Physics Department Colloquium: Transport
in High-mobility Two-dimensional Electron
Systems**

Time & Place: 3:30 pm, 2241 Chamberlin Hall
(coffee at 4:30 pm)

Speaker: Maxim Vavilov, University of Wisconsin
