# Who We Are

- We are **women and gender minorities** (trans and nonbinary people) and **allies** at any level
- Our group is made up of **grads, undergrads, postdocs, research scientists, and faculty**
- Our events are open to those from the **Physics** department, **Astronomy** department, and **Engineering** departments
- We often partner events with **Solis**: a cross-department org for women and gender minorities in plasma physics

# What We Do

**Mentorship** is pivoting to focus on **undergraduates**. Undergraduate mentoring program kicking off this fall; rides to the Physics GRE; application-reading workshops

**Professional Development:** Practice prelim and thesis presentations; local lab tours (ex: SHINE Nuclear); meeting with Colloquium speakers

**Outreach:** Kujichagulia Juneteenth Celebration, Community Science Fair, tabling + demos at Treinen Farm Corn Maze, Physics fair

**Advocacy:** GREAT IDEAS journal club, discussing climate and equity issues in physics/ STEM/ society; Antiracism Literacy in STEM workshop

# Fellowship!

- Regular lunches & happy hours;
- The annual Welcome Brunch;
- Craft nights, bonfires, field trips to the county fair, movie nights, bowling, trivia, and more!
